Dealing with creditors

We have assisted a number of clients in dealing with their creditors, whether it be the ATO chasing a tax debt, a liquidator claiming a preferential payment, or a supplier claiming under a statutory demand.

Whilst each matter is different and requires a strategy to be devised to suit the circumstances, there are tried and tested principles which can be applied in dealing with this issue.

Most importantly one should not bury one's head in the sand as that is likely to lead to an unhappy outcome. Rather, one should be pro-active and engage with the creditor as that is more likely to lead to an acceptable outcome.

Please contact Ian Tait if you would like assistance in dealing with a creditor.
